

POFi's VISION-MISSION & MANDATE OF FUNDS

Vision

“POFi will be a world class organization that champions the interest of the less fortunate by eliminating suffering and shaping a poverty-free, empowered way of life around the world. It will be guided by the values of equity, accountability, inclusion and respect.”

Mission

We value life and believe in the power of human beings working together to make our world a better place.

We believe that when people have food, they can unlock their creative powers and build their own lives and communities.

We believe education is the key to empowerment and allows everyone to grow and succeed in today's world.

We believe wealth can be passed-on from generation to generations and bring good changes to wherever or whomever it passed through.

Mandate of Funds

“To establish an Investment Portfolio that will augment, enhance, and perpetuate the financial inputs to POFI and support its humanitarian programs in the years to come.”

(Mr. Modesto Asuncion Ancheta – Feb. 21, 2007, re: Trusteeship of US\$100 Billion to Pineapple-Orange Foundation)
